Profile

Dynamic and hard-working, I always give myself the means to reach my goals and the demands from my collaborators. I love to take-up challenges, especially when they mix the pleasure of a game and the possibility to acquire and perform skills. For instance, I play on *codingame.com* with a top rank : 740 out of 70 000 (top 0.1%)

Personal qualities

Friendly

Tenacious

Autonomous

Skills

Front-End developer

I work with Angular most of the time and have created a large set of web apps for professional and personal purposes.

Git

Strong knowledge. I'm using both Bitbucket and Github.

More
